Q&A

Q: HOW DO WE BOOK YOUR SERVICES?

A: To secure a booking, a signed contract and a 30% deposit are required. The date will be confirmed once both have been received

Q: DO YOU CHOOSE THE MUSIC?

A: I choose the music for multiple reasons. Sound design and licensed music selection are two aspects that I curate meticulously in my post-production process. Another important aspect is the pacing. Choosing the song literally sets the tone for your entire film. I ask you to trust me on using licensed music and audio as I find fit.

Q: HOW WILL BE DELIVERED THE WEDDING FILM?

A: The wedding film will be delivered via Vidflow, with a personalized link. In addition to the film, there will also be special content: the most important and significant live moments of the wedding for the couple.

Q: WHEN WILL WE RECEIVE OUR VIDEOS?

A: The delivery time depends on the package you have chosen. In any case, you can always add the 'delivery' phase as an extra service to receive the videos faster.

Q: DO YOU OFFER PHOTOGRAPHY AS WELL?

A: I don't personally take care of the photo but, once you have decided to entrust me with your wedding videography, I will be happy to put you in touch with the photography I work with.

Q: DO YOU CHARGE TRAVEL FEES?

A: It depends on where the wedding will take place. My travel fee starts from € 400. If the wedding is in Rome, there are no extra costs.

THANK YOU

Thank you for considering me to capture your special moments.
I look forward to the opportunity to create beautiful memories
that will last a lifetime.
